“One Health is the collaborative efforts of multiple disciplines working locally, nationally, and globally to attain optimal health for people, animals, plants and our environment.”

www.onehealthinitiative.com Visits by Month through December 31, 2013

Editor’s Note: One Health interest, nationally and internationally, appears to have significantly increased the last four months
(September, October, November & December 2013) as evidenced by higher One Health Initiative website traffic, i.e. number of daily and monthly individual visitors accessing and reading the website pages (see graph).

One Health Initiative Website NEWS:

http://www.onehealthinitiative.com/

The autonomous pro bono One Health Initiative website has been operational since October 1, 2008. Since then the website has received over 737,000 visits from about 155 countries and currently averages approximately 1000 individual visits daily including the U.S., Canada, United Kingdom, Australia and others (see below).

Numerous inquiries and comments have been received from several nations via physicians, veterinarians, allied health professionals, medical and veterinary medical scientists, students and others. As of December 31, 2013 there are 757 listed One Health individual supporters worldwide. Our current e-mail distribution list of approximately 1063 individuals is from 62 countries, including:

United States, Argentina, Australia, Bangladesh, Bahrain, Belgium, Belize, Benin, Bhutan, Bolivia, Bosnia and Herzegovina, Brazil, Canada, Czech Republic, China, Colombia, Costa Rica, Croatia, Democratic Republic of Congo, Egypt, Ethiopia, France, Germany, Grenada, India, Indonesia, Iran, Israel, Italy, Japan, Kazakhstan, Kenya, Lithuania, Malasia, Malta, Mexico, Mongolia, The Netherlands, New Zealand, Nepal, Nigeria, Norway, Pakistan, Portugal, Puerto Rico, Rwanda, Saudi Arabia, Sierra Leone, Senegal, South Africa, South Korea, Sri Lanka, Sudan, Sweden, Switzerland, Thailand, Turkey, United Arab Emirates, United Kingdom, Uruguay, Viet Nam, and Zambia.

The preparers of this message and the two lists act independently of any other entity or organization; however where feasible we attempt to augment and support those organizations’ efforts to recognize, promote and implement this initiative such as American Academy of Pediatrics, American Association of Public Health Physicians, American College of Preventive Medicine, American Association of Veterinary Laboratory Diagnosticians, American Association of Wildlife Veterinarians, American College of Veterinary Microbiologists, American College of Veterinary Pathologists, American College of Veterinary Preventive Medicine, American Medical Association, American Nurses Association, American Physiological Society, American Phytopathological Society, American Society for Microbiology, American Society of Tropical Medicine and Hygiene, American Veterinary Medical Association, Association of Academic Health Centers, Association of American Medical Colleges, Association of American Veterinary Medical Colleges, Association of Schools of Public Health, Auburn University’s College of Veterinary Medicine, Auburn, Alabama (USA), Bella Moss Foundation, United Kingdom Biomedical Technology, Epidemiology and Food Safety Global Network: Brno, Czech Republic,
